

# 17th International Conference SPECOM 2024: Shaping the Future of Speech and Language Technologies

## Unveiling the Gateway to Athens 2024: A Call for Innovation and Collaboration

Mark your calendars for September 20-24, 2024, as the 17th International Conference on Speech and Language Technologies (SPECOM) sets sail to the vibrant city of Athens, Greece. This esteemed event provides a transformative platform for researchers, practitioners, and industry leaders from around the globe to converge and shape the future of speech and language technologies.

## Athens: A City Steeped in History and Innovation

Nestled amidst the foothills of Mount Lycabettus, Athens beckons as the birthplace of democracy and philosophy. Its enchanting cityscape, adorned with ancient ruins and modern marvels, invites you to immerse yourself in a tapestry of history and innovation. As you explore its cobblestone streets and vibrant markets, conversation and connection become the beating heart of the city.

## **SPECOM 2024 Conference: A Crucible of Ideas and Partnerships**

SPECOM 2024 is your gateway to a dynamic forum where ideas ignite and partnerships flourish. Engage in thought-provoking plenary sessions and ignite your curiosity at interactive workshops. Share your groundbreaking research, foster collaboration, and explore the latest advancements in areas such as:

- Speech recognition and synthesis

- Natural language processing
- Dialogue and conversational systems
- Speech and language in education and healthcare
- Machine learning and deep learning for speech and language

## **Call for Papers: Showcase Your Expertise and Inspire Change**

Calling all researchers, scholars, and practitioners! Submit your research and join the conversation shaping the future of speech and language technologies. SPECOM 2024 invites original and unpublished papers in all areas of speech and language technologies. Submit your abstract by [Insert Deadline] and be part of this transformative event.

## **Registration Now Open: Secure Your Spot in Athens**

Early bird registration is now open! Don't miss out on the opportunity to secure your place in Athens and connect with peers from around the world. Register today and take advantage of the early bird rates.

## **Intimate Setting, Big Impact: Networking and Collaboration at its Finest**

SPECOM 2024 provides an intimate and engaging environment where connections are forged and collaborations blossom. Engage in lively discussions during coffee breaks and social events. Explore synergies, share insights, and build lasting partnerships that will advance the field of speech and language technologies.

## **Explore the Cultural Treasures of Athens**

Beyond the conference halls, Athens awaits you with a kaleidoscope of cultural experiences. Visit the hallowed Acropolis to marvel at the

architectural wonders of ancient Greece. Stroll through the Plaka district to embrace the vibrant street life and savor the delectable flavors of local cuisine. Discover the National Archaeological Museum to delve into the rich tapestry of Greek history. Whether you seek ancient wisdom or modern artistry, Athens offers an unforgettable cultural immersion.

Witness the architectural splendor of ancient Greece at the Acropolis

### **Testimonials: Voices of Inspiration**

"SPECOM is the gold standard for speech and language technologies. It's where groundbreaking research meets practical applications." - Dr. Maria Paparizos, Professor, University College London

"Collaboration is the lifeblood of innovation. SPECOM provides an unparalleled platform for researchers and industry leaders to forge

partnerships that drive the field forward." - Dr. Thomas Hain, Research Scientist, Google

## Join Us in Athens: Shape the Future of Speech and Language Technologies

As the countdown to SPECOM 2024 begins, we extend a warm invitation to join us in Athens. Together, let's embark on an extraordinary journey of discovery, innovation, and connection. Let's shape the future of speech and language technologies and create a world where voices are amplified and understanding flows effortlessly.
