## Theoretical Foundations

The companion begins by examining the historical roots, philosophical underpinnings, and conceptual frameworks of international criminal law. It explores the concepts of crimes against humanity, war crimes, and genocide, and analyzes the principles of jurisdiction, responsibility, and

punishment in this context. The companion also discusses the relationship between international criminal law and other bodies of law, such as human rights law and international humanitarian law.

## **Practical Challenges**

The companion goes on to address the practical challenges involved in implementing international criminal law. It examines the establishment and operation of international criminal tribunals, such as the International Criminal Court (ICC) and the International Criminal Tribunal for the former Yugoslavia (ICTY). The companion also explores the challenges of gathering evidence, protecting witnesses, and ensuring fair trials in international criminal proceedings.

## **Contemporary Developments**

The companion concludes by discussing the latest developments in international criminal law. It examines the growing focus on crimes of aggression, the use of hybrid courts, and the role of non-state actors in international criminal proceedings. The companion also considers the impact of technology and globalization on the future of international criminal law.
