This book is a comprehensive study of the history of international law reform and state making. It provides a detailed analysis of the major developments in international law over the past two centuries, and examines the impact of these developments on the creation and evolution of states.

The book is divided into three parts. The first part provides a historical overview of the development of international law, from its origins in the ancient world to the present day. The second part examines the major themes in international law reform, such as the codification and progressive development of international law, the role of international organizations, and the protection of human rights. The third part examines the impact of

international law reform on state making, and discusses the ways in which international law has shaped the creation and evolution of states.

This book is a valuable resource for scholars and students of international law, history, and political science. It provides a comprehensive and up-to-date analysis of the development of international law and its impact on state making.
