

The Virtue Of Nationalism Yoram Hazony

In *The Virtue of Nationalism*, Yoram Hazony argues that nationalism is not merely a sentiment or an ideology, but a virtue—a disposition of the soul that leads people to love their country and to be willing to sacrifice for its sake.

Hazony begins by distinguishing between two types of nationalism: ethnic nationalism and civic nationalism.

The Virtue of Nationalism by Yoram Hazony

★★★★☆ 4.5 out of 5

- ****Ethnic nationalism**** is based on the idea that a nation is defined by its shared ethnicity, culture, and history.
- ****Civic nationalism****, on the other hand, is based on the idea that a nation is defined by its shared political values and institutions.

Hazony argues that ethnic nationalism is a dangerous and divisive ideology that has led to genocide and other atrocities throughout history.

Civic nationalism, on the other hand, is a more moderate and inclusive ideology that is capable of uniting people from different backgrounds into a single nation.

Hazony then goes on to argue that nationalism is a virtue because it is a necessary condition for human flourishing.

He argues that human beings are social creatures who need to belong to a community in Free Download to be happy and fulfilled.

Nationalism, he argues, provides people with a sense of belonging and purpose.

Hazony also argues that nationalism is a necessary condition for democracy.

He argues that democracy requires a citizenry that is willing to participate in public affairs.

Nationalism, he argues, helps to create a citizenry that is willing to sacrifice for the common good.

Hazony concludes *The Virtue of Nationalism* by arguing that nationalism is a positive force in the world.

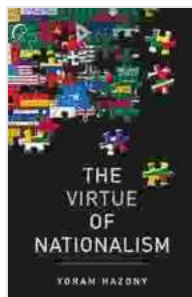

He argues that nationalism can be a source of unity, purpose, and democracy.

He also argues that nationalism can help to protect people from the dangers of ethnic conflict and tyranny.

The Virtue of Nationalism is a provocative and important book that challenges the conventional wisdom about nationalism.

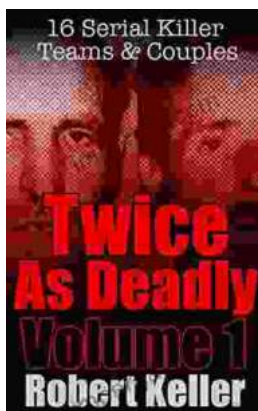

Hazony argues that nationalism is not merely a sentiment or an ideology, but a virtue—a disposition of the soul that leads people to love their country and to be willing to sacrifice for its sake.

He also argues that nationalism is a necessary condition for human flourishing, democracy, and world peace.
