

Weapons of Mass Migration: The Devastating Impact of Open Borders on America and the World

In her new book, *Weapons of Mass Migration*, Ann Coulter exposes the devastating impact of open borders on America and the world. Coulter argues that mass migration is a weapon that is being used by our enemies to destroy our country. She provides irrefutable evidence that mass migration is leading to increased crime, poverty, and social unrest. Coulter also shows how mass migration is undermining our national security and making us more vulnerable to terrorism.

Weapons of Mass Migration: Forced Displacement, Coercion, and Foreign Policy (Cornell Studies in Security Affairs) by Kelly M. Greenhill

Coulter begins her book by defining mass migration as "the movement of large numbers of people from one country to another." She notes that mass migration is a relatively new phenomenon, and that it has only become

possible in recent decades due to the advent of cheap air travel and the breakdown of national bFree Downloads.

Coulter argues that mass migration is a threat to America for several reasons. First, she says, mass migration is leading to increased crime. She cites statistics showing that immigrants are more likely to commit crimes than native-born Americans. Second, Coulter says, mass migration is leading to increased poverty. She notes that immigrants are often willing to work for lower wages than native-born Americans, which drives down wages for everyone. Third, Coulter says, mass migration is leading to increased social unrest. She points to the fact that mass migration is often accompanied by an increase in ethnic and religious tensions.

In addition to these domestic threats, Coulter also argues that mass migration is a threat to our national security. She notes that mass migration can be used to infiltrate our country with terrorists and other criminals. She also points to the fact that mass migration can strain our resources and make us more vulnerable to attack.

Coulter concludes her book by calling for an end to mass migration. She argues that we need to protect our bFree Downloads and enforce our immigration laws. She also calls for a reduction in legal immigration levels.

Weapons of Mass Migration is a must-read book for anyone who wants to understand the real dangers of open bFree Downloads. Coulter provides a wealth of evidence to support her claims, and she makes a compelling case for why we need to take action to protect our country.

About the Author

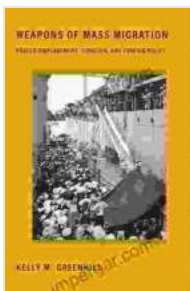

Ann Coulter is a conservative commentator and author. She is a regular columnist for the *National Review* and has written several best-selling books, including *High Crimes and Misdemeanors* and *Godless: The Church of Liberalism*.

Reviews

"Weapons of Mass Migration is a must-read for anyone who wants to understand the real dangers of open bFree Downloads. Coulter provides a wealth of evidence to support her claims, and she makes a compelling case for why we need to take action to protect our country." - Rush Limbaugh

"Ann Coulter is one of the most fearless and outspoken voices in conservative politics today. In *Weapons of Mass Migration*, she exposes the devastating impact of open bFree Downloads on America and the world. This book is a must-read for anyone who wants to understand the real dangers of mass migration." - Sean Hannity

"Weapons of Mass Migration is a powerful indictment of the left's open bFree Downloads agenda. Coulter provides irrefutable evidence that mass migration is a threat to our national security, our economy, and our way of life. This book is a must-read for anyone who cares about the future of America." - Mark Levin
